

This Saturday, April 26th, Congressman Jesse L. Jackson, Jr. will host one of the Second Congressional District's most exciting awards ceremonies for the Annual High School Art Competition, *An Artistic Discovery 2008*. Thirty-four students are vying for awards, which this year's judges insisted be expanded to more than just the top four prizes.

In addition to the awards, there will be a special presentation by visual and performing artist Damon Lamar Reed entitled "Purpose." Plus, there will be door prizes and other recognition for students and art teachers who are present.
